

## PANCARDI 2001 Abstract Formats

The format and the submission of abstracts are very similar to those at the PANCARDI 2000.

### How to prepare the manuscript?

Texts for abstract volume have to be written in English and should be language reviewed. The authors are fully responsible for the contents of their articles.

As text editor *Microsoft Word for PC* (version not higher than Word'97) or *LaTeX* is preferred.

Text style should be as follows:

Author/authors: first names (lower case) and surnames (upper case) of all authors

Title: lower case

Addresses of all authors (lower case), use number (1, 2 ...) for more addresses

Text (maximum 3000 characters, lower case)

References (see bellow)

References in text: surnames are written in capitals without initials of the name e.g. (AUTHOR 1995), surnames of the co-authors are separated e.g. (FIRST & SECOND 1992). If there are more than two authors, first name should be followed by "et al." and year of publication e.g. (FIRST et al. 1997). All references mentioned in the text should be cited in alphabetical order, as in the following example:

AUTHOR A.B. (1991): Title. Journal, 10/1, 101-102.

FIRST, C.D. & SECOND E.F. (1992): Title. Journal, 7/1, 1-23.

FIRST, G.H., SECOND I.J. & THIRD K.L. (1993): Title. Journal, 7/1, 1-23.

BOOK M.N. (1994): Title. (Ed. EDITOR X.Z.), Publishing house.

EDITOR O.P. ed. (1996): Many authors book title. Publishing house.

Figure (map, drawing, photography) has to be of a high-standard, black and white or grayscale (colour figure will not be printed). Figure should be referred to in the text. Figure caption should be given consecutively at the end of the text file. Figures should not be included into the text file - they should be submitted in separate file. Each illustration prepared by computer should be submitted in electronic form (TIF, JPG, GIF, BMP, EPS) together with laser-printed paper copy. File format should be preferably EPS, JPEG or TIF. The figure should have a graphical scale bar.
